PLEASE READ THIS SOFTWARE LICENSE AGREEMENT AND WARRANTY DISCLAIMER CAREFULLY BEFORE ACCEPTING IT. BY INDICATING YOUR ACCEPTANCE YOU ARE AGREEING TO BE BOUND BY THE TERMS OF THIS AGREEMENT. INSTALLING AND USING THE SOFTWARE CONSTITUTES ACCEPTANCE OF THIS AGREEMENT.

1. Parties

This license is a legal agreement between you, the user of Nova Software, Inc. developed software, your successors and assignees, and Nova Software, Inc., the owner and copyright holder of its software and its successors and assignees.

2. Applicability

The term 'Nova Software developed software', hereinafter 'the referenced software', applies to all computer code, templates, and documentation files supplied by and copyrighted by Nova Software as part of this package. This License Agreement applies only to the portion of that software created by and copyrighted by Nova Software, Inc. Such other software as may be included in your download of a software system supplied by Nova Software is covered by the Licenses provided by its respective copyright holders and not by this License.

3. Ownership

Ownership of all copies of the referenced software remains with Nova Software, Inc. This license only grants you a right to install and use copies of the software under the conditions specified below. All other rights are retained by Nova Software.

4. Conditions of use

Where provided

(i) A purchased subscription license with registration identifier entitles you to use the referenced software, within the limits specified, in one, and only one, installation at a time, in each month in which the subscription fee is paid. It also entitles you to any and all future upgrades, both major and minor, to the same software at the same functional level and limits as long as the subscription is in force. When the subscription lapses you must discontinue using the software and destroy all copies of all components of the referenced software in your possession.

(ii) An unpaid (free) license entitles you to use as many installations of the referenced software as desired, each within the limits specified, for an indefinite time period, and subject to all the other restrictions noted herein.

(iii) An evaluation license and key entitles you to use the referenced software on one or two computers at a time for the stated evaluation period. After this time you must discontinue using it and destroy all copies of all components of the referenced software in your possession, or purchase licenses to continue using the referenced software.

(iv) An unlimited-time license entitles you to use the referenced software for an unlimited time period on any one, and only one, of the computers named in your license keys. If you have two or more computers with the same licensed name you may only use the licensed referenced software on one of these computers at a time. Use of a single purchased license and key set for the referenced software on more than one computer at a time is a violation of the terms of the license and terminates your rights under

it.

(v) Holders of unlimited-time licenses are entitled to download and use all minor version upgrades of the same major version of that component without additional charge under this license. The unlimited-time license also grants you the right to modify any report templates' appearance as indicated for use solely within your organization. The modified templates may not be sold, distributed, used, rented, leased, shared or exported outside your organization.

(vi) You may not sell, rent, lease, provide subscription to or provide for free any service based on use of the referenced software under any of these licenses.

(vii) You may not license, sub-license, lend, lease, rent, share, export, or distribute your rights under this license to others.

(viii) You may not modify, reverse engineer, decompile, decrypt, extract or otherwise disassemble the referenced software.

(ix) WinNT target system components owned and copyrighted by Nova Software (contained within the "TargSys" component sub-package of NEPM) may be copied to and used on as many systems within your organization as needed, as long as the copyright message is preserved. You may not alter these components nor distribute them outside your organization. Your license to possess and use these components expires when your license for the NEPM Courier component expires.

5. Transfer

You may not sell or assign for consideration or give your entire rights under this license to another. These licenses are not transferrable.

6. Succession

(i) This license governs any releases, revisions, enhancements, or updates to the reference software that Nova Software, Inc. may furnish to you.

(ii) This license extends to any successor or assignees who legally acquire ownership of your rights under this license.

(iii) This license extends to any successors or assignees who legally acquire ownership of Nova Software's rights under this license.

7. Governing Law

This License shall be governed by the laws of the United States, the Commonwealth of Massachusetts, and by the current United Nations Convention on Contracts for the International Sale of Goods.

8. Severability

If, for any reason, a court of competent jurisdiction finds any portion of this agreement to be unenforceable, the remainder shall continue in full force and effect.

9. Disclaimer of Warranty

THIS SOFTWARE AND THE ACCOMPANYING FILES ARE SOLD "AS IS" AND WITHOUT WARRANTIES AS TO PERFORMANCE OR MERCHANTABILITY OR ANY OTHER WARRANTIES WHETHER EXPRESSED OR IMPLIED, INCLUDING, WITHOUT LIMITATION, FITNESS FOR A PARTICULAR PURPOSE.

You assume the entire risk of using the reference software. Under no circumstances will Nova Software, Inc. be liable for any incidental, special, indirect or consequential damages arising out of or relating to this license and the use of this software. In the event of malfunction Nova Software's entire liability will be limited exclusively to product replacement.
